## VERSE 1

B  
 All our efforts left us empty  
 E B  
 Our best has left us dry  
  
 On its own a branch yields nothing  
 E G#m  
 When its separate from the vine  
 E B F#  
 But You know our weakness well  
 G#m E B F#  
 And You said your burden's light

## HOLD

B ///

## VERSE 2

B F#  
 The frame we've carried's car too heavy  
 G#m  
 Our strength alone can't hold  
 E  
 Our heart's been laden with religion  
  
 And we need rest inside our souls  
 G#m E B F#  
 But You know our weakness well  
 G#m E B F#  
 And You said your burden's light

## CHORUS (x2)

B F#  
 Praise breaks the heavy yoke

The heavy yoke

The heavy yoke  
 G#m E  
 Praise breaks the heavy yoke

The heavy yoke

The heavy yoke

## VERSE 3

B F#  
 The journey's filled with hills and valleys  
 G#m  
 The testing of our faith  
 E  
 Highest heights and deepest canyons  
 G#m  
 But each season marked by grace  
 E B F#  
 Still You know our weakness well  
 G#m E B F#  
 And You said your burden's light

## INTERLUDE

F# / G#m | E / B | F# / G#m | E / B |

## BRIDGE

F# G#m  
 Mourning turning into Joy  
 E B  
 Heaviness for robes of praise  
 F# G#m  
 Ashes get exchanged for beauty  
 E B  
 At the mention of your name  
 F# G#m  
 Prison doors are flung wide open  
 E B  
 Broken shackles testify  
 F# G#m  
 So lift your voice in thanks to Jesus  
 E  
 What once was dead now back to life

## (LAST TIME)

E  
 What once was dead now back to life
